

Here is the protocol for Christopher Dock and The Central Swenkfelder Community Center:

- Everyone must wear masks in the building, including athletes while on the court and playing in the game or on the sidelines.
- No spectators at this time – this may change over the next month or so as it did in the Fall, but as of now only athletes and coaches are permitted in the building.
- Teams must exit the gym immediately after the game. The next game teams must wait until this happen before entering.
- No water fountains will be operational. Water bottles can be used, but they must not be shared.
